

THE 4<sup>th</sup> INTERNATIONAL WORKSHOP ON IC DESIGN AND FABRICATION (WEFAB)

Hội thảo Quốc tế về Thiết kế và Sản xuất Vi mạch (We Fab)

Hà Nội, 11/2022

## CALL FOR PAPER

Dear colleagues,

The 4<sup>th</sup> workshop on IC design and technology will be held in Hanoi under a permission of the Ministry of Science and Technology (MOST) and co-organized by the National Center for Technological Progress (NACENTECH), VNU University of Engineering and Technology, School of Electric and Electronics Engineering (Hanoi University of Science and Technology) and Phenikaa University. The 2022 WeFab will bring together researchers, experts, developers, manufacturers, and policy makers to make international connections that can accelerate the IC design and fabrication as well as sensing technology in Vietnam.

On behalf of the publication committee, I would like to cordially invite you to contribute to present your work with focus to, but not limits to:

- 1) Challenges & Opportunities for IC Design and Fabrication in Vietnam
- 2) IC Design; simulation and fabrication
- 3) Sensing Technologies that include materials, devices, and applications
- 4) Electronics devices and applications

All 2022 Wefab paper will be peer-reviewed. Accepted papers will be published in printed workshop proceeding with ISBN number. All paper that prepared by VIETNAMESE will be free.

**The important dates:**

**October 18:** Deadline for the abstract

**October 30:** Notification of the abstract acceptance

**November 10<sup>th</sup>:** Deadline for full manuscript

**November 29<sup>th</sup>:** Notification of the manuscript acceptance

The expected printed proceeding date: **February 2023**

Please send your abstract and paper to [wefab2022@gmail.com](mailto:wefab2022@gmail.com) or visit [wefab.vn](http://wefab.vn) for more information.

I wait forward to receiving your contribution soon.

Anh-Tuan Mai

VNU University of Engineering and Technology
